Should include 20mph speed limits; possible chevron parking outside Library and because of the expense/ as money becomes available, looking at planters and road colouring to persuade traffic to slow. 2023/240	Matters relating to Lakenheath Cemetery/ Yard	
a.	<p>The Cemetery Report was received (Cemetery Committee)</p> <p>Cllr Hastings reported that the cemetery is looking very good given the time of year. There have been a number of burials recently and obviously these graves need to settle.</p> <p>The hedges are looking ok given that growth is limited this time of year.</p> <p>The two storage containers at the base of the cemetery are starting to build up again and are now over 6 foot high. Cllr Hastings to meet Cllr Hugo next week to discuss.</p> <p>The toilets are clean and well stocked. There has been some progress on cleaning the benches but the one nearest the main entrance is still to be cleaned. The Chapel broken pane has been repaired by Cllr Gyte and looks very good.</p> <p>The Chapel has had the floor cleaned and shined and looks good at the moment but it will be better with a couple more coats on. The Chapel was made ready for a recent burial service in March 1st when it was deep cleaned and flowers were placed inside for the service.</p> <p>With the Chapel in mind, I would like to work with the Cemetery Committee on producing a booklet on the use and facilities available at Lakenheath Cemetery. This would cover procedures, costs details of various services and offer the Chapel</p>	

	<p>for small funeral services. This booklet could be sent out to all enquiries as well as the local funeral offices. This would help generate income and help with the upkeep of the Chapel. The Cemetery Committee will be producing a booklet in due course, to be approved by Councillors.</p> <p>There are still a number of Christmas decorations on the graves but these can be left a further month before removal to allow for proper maintenance. Everything is now ready for Spring. Summer flower beds that were planted by Cllr Cahill should ensure that the cemetery is colourful.</p> <p>Cllr A Gyte asked if Cllr Cahill could let the Cemetery Committee have a few trees for the gap in the cemetery fence, agreed, Cllr I Frost will arrange with Cllr Cahill</p>

Second Freedom of Lakenheath Parish awarded to Mr Graeme Cook on 24th February 2023

Parish Councillor Ed Morley presented the Freedom award to Mr Cook, saying:

" I am here today to present the parish of Lakenheath's highest honour: that of the Freedom of Lakenheath.

It is my great honour to have received the very first award last year. I have known you since I was a small boy and I have seen you at Fetes/ Amdrams, L.A.D.s and as a hardworking member of Lakenheath life, and also my milkman!

I present this scroll to you, very much deserved at the ripe old age of 105- outstanding!

I wish you a very happy upcoming birthday and my respect and best wishes to you – I gladly hand you your award, sir.
A life well lived!"

The Freedom of the Parish Scroll

Lakenheath Parish Councillors presented the Freedom Awards – picture shows Mr Cook, Cllr Jenny Hastings, Cllr Peta Gyte and Cllr Ed Morley

Born on 19th March 1918 at Oulton Broad Lowestoft Suffolk. He arrived in Lakenheath with his parents and his two siblings Stanley and Gwenda, in 1923 and lived in Undley Hall, which had been bought by West Suffolk Council and split into small holdings. In 1926, when he was about seven years old, he was sent to Liverpool to live with his aunt and uncle, as it was thought at the time that this might improve his future, and he returned to Lakenheath only for holidays. He was enrolled in a school in Allerton. Saturdays were very special as he was given four old pennies and was able to go to the Garston Empire cinema. He stayed eighteen months in Liverpool and in 1928 he returned home to Lakenheath.

During this time, he helped his father, after school, with the dairy herd and the small holding and also with the harvest during Summer holidays. In 1931 the family moved into Lakenheath village to a small cottage in Broome Road where his father rented pasture with grazing facilities. In 1932 on leaving school at fourteen he got a part time job as an apprentice to the local butcher. At the age of sixteen he went to Cambridge and then St. Albans to continue his apprenticeship with Sainsburys.

In 1945 after ten years away, five of them as a butcher manager, and five in the AFS during the war, he returned to Lakenheath to take over the management of his father's business. He was hoping to create a pedigree Friesian herd, but circumstances made this impossible so he decided to buy milk wholesale already bottled. Thus began Cook's Dairy Milk Round.

The same year he met his wife Joyce, who was from London, but serving in the Land Army in Lakenheath. They married in 1947 and lived in Broome Road, where their three children were born. The business moved to 63 High Street in 1967 and became Cook's Dairy from where it operated until it was sold in 1980 and Graeme and Joyce moved to a bungalow in Woodlands. Graeme continued to work as a butcher, first at the Co-op, and later with Yallops butchers until he retired at the age of eighty.

Over the years he immersed himself in the place he loved.... Lakenheath and the Community. He and Joyce joined Lakenheath Amateur Dramatic Society, he served as Chairman of the Village hall committee, he belonged to the bowls club, the Rotary Club and served on Lakenheath Parish Council for many years. He was a regular church goer and worshipped at the Methodist Church until he was 102 years old when all outings were cancelled due to Covid.

Over the years Graeme organised many annual village carnivals and could be seen riding a horse at the front of the parade, leading the floats through the village, dressed differently every year. He was always involved in Lakenheath life be it as the dame in the annual pantomime, old time musicals, talent shows, dances, jumble sales and singing to the residents of Lakenheath Village Home.

Graeme will reach the wonderful age of 105!!! On 19th March and continues to be as cheeky as ever. He remains full of memories of his life in the place he chose to make his future with his wife of 72 years, three children and their partners, six grandchildren and nine great grandchildren (with another on the way).

Graeme said in his own words that he '*created an affection and loyalty that was attributed to the happy environment in Lakenheath when he first arrived at the age of 5, which over the years evoked a desire for him to make a future life in Lakenheath.*'

There is currently no bridleway recorded there on the definitive map (which is the legal record of public rights of way). The applicant has found historic evidence, which he says show that a bridleway legally exists though not recorded and probably not currently available throughout on the ground. He has made what is known as a Formal Application to add the route.

Suffolk County Council will investigate this evidence and if it is considered the evidence is sufficient, a Definitive Map Modification Order will be made to legally add the route as a public right of way.

Please see the link below for information on the definitive map and making changes to it.

sent to GD 14.02.2023

Dear Mr Durrant

Please would you specify what the changes are in the latest application that has been put before Lakenheath Parish Council for consideration?

As a new clerk, I was not in post at the time it was submitted previously, and find it difficult to pinpoint the changes. Please could I call upon your knowledge to guide me with this?

Be great if you could get back to me as soon as possible (there has been no reply as at 25.02.2023)

COMMENT: Lakenheath Parish Council note that the Housing Specialist Strategy Enabling Officer has made comments not specifically relevant to the application, which amount to a Material Change. The Council would make the point that the arrival of the F35 and increased noise levels also constitute a Material Change which require addressing before any application concerning this site are progressed. For information it is our understanding that Suffolk County Council have acknowledged this and have commissioned a Noise Survey for the school site to replace that which the Planning Authority is wrongly relying on. We would suggest that the developer and /or the Planning Authority join with SCC to extend that to

cover the site and establish a proper baseline on which to base planning decisions.

We note with concern that the Landscape Management Plan (1.12) states "The funding for the landscape maintenance will covered by a maintenance fee collected from the residents." If this is considered reasonable and appropriate there should be a condition which specifies how and when potential residents are made aware of this additional expense, and the mechanisms for any increase in costs." The LMP should be amended to include plans beyond the first five years, as much planting will still be immature and require some specialist identification and resolution of problems.
